

Hagie Privacy Statement Summary

Personal Information & Machine Data

Hagie Manufacturing Company(Hagie) collects Contact Information, Relationship Information, Transaction Information, and Financial Account Information (collectively, Personal Information) from you when you purchase products or services, obtain financing, register at our websites or otherwise interact with us. We may obtain Personal Information from third parties to enhance our files or as needed to complete transactions.

We may collect information using Cookies and Other Data Collection Technologies. This information is treated as Personal Information if we associate it with your Personal Information or if an applicable law considers it Personal Information.

We may also collect Machine Data. Machine Data is data generated by, collected by, or stored in your equipment or any hardware or device interfacing with your equipment.

Uses and Disclosures

We use Personal Information for a variety of Purposes, including to provide you products, services, financing, customer support, product safety, marketing, promotions, and for our everyday business purposes.

We do not generally share Personal Information and Machine Data with other companies for their own use. We may, however, share Personal Information and Machine Data with our affiliates, suppliers, dealerships, and business partners, who may use the information and data for the Purposes above and detailed in the "Privacy Statement" tab. We may also provide Personal Information and Machine Data to companies who are performing services for us. Additionally, we may disclose Personal Information and Machine Data where required by law or in connection with the sale of part or all of our business.

Your Choices

You can limit the information you provide to us. Additionally, you can limit the communications that we send to you by contacting us using the contact information below or in the "Contact Information" tab.

Other Information

We have a formal information security program to protect Personal Information and Machine Data.

We may transfer Personal Information and Machine Data to the US or to other countries.

For additional information on our privacy practices, please see the "Enterprise Privacy Statement" tab or contact us.
