

## **Updated Regional Support Center Contact Info**

Are you ready for the application season? Our Regional Support Centers are here to serve you! Be sure to save the phone number of the Hagie support center nearest to your location for expedited service!

As a factory direct manufacturer, Hagie Mfg. provides direct support and service resources to most efficiently serve your needs and maximize your valuable uptime. Should you seek additional resources, our Customer Support team is comprised of dedicated application experts equipped to best answer your questions, diagnose and advise on issues, as well as direct a Hagie technician to your operation should maintenance or service be needed.
