Hagie Manufacturing Appoints New Chief Financial Officer / CFO

Derek Stocking Joins Hagie to drive ongoing Financial Growth, and Market Demand.

Clarion, Iowa – Hagie Mfg., an industry leading manufacturer of agricultural application equipment, today announced the appointment of Derek Stocking as Chief Financial Officer/CFO.

With over a decade of experience in the banking industry, Stocking brings a wealth of financial expertise and applied agricultural lending experience to Hagie Mfg. Most recently, he was employed with Great Western Bank. Stocking received his Bachelor's degree in Finance & Economics, as well as earned his MBA from the University of Iowa.

"Hagie offers a unique culture where team members have a vested interest and are committed to making the company successful. The team is also led by an ownership and management team that does not take it for granted, which is a very rare quality to find in an employer today," states Stocking. "The level of passion this company has for providing the marketplace with innovative products that benefit our clients is truly inspiring. I look forward to joining this talented team, and contributing to the company's next phase of growth."

"Stocking brings extensive financial leadership experience from his time at Great Western Bank. His deep leadership experience will be a strong complement to our executive team and will be invaluable as we continue to drive our strategic and financial business growth," says Travis D. Stallkamp, Chief Operating Officer/COO.

Hagie Mfg., located in Clarion, IA, optimizes our customers' growth by providing the most innovative crop protection solutions in the agriculture industry. Since Ray Hagie's invention of the world's first self-propelled sprayer in 1947, today Hagie Mfg. continues to build upon a rich heritage as an industry leader in the business of solving problems. Innovative solutions and versatile attachments enhance capability for performing timely and precise full season crop protection, Nitrogen and cover crop seeding applications for optimal soil health and maximum yield productivity. A company driven to doing meaningful work, Hagie Mfg.'s application solutions are purposeful tools to drive economic benefits, while also performing responsible stewardship and best agricultural practices. A foundation with family owned values built around employees, customers and innovation delivers a superior customer experience, while inspiring sustained growth and success.
